2010 Scholarships Awarded

We would like to congratulate the recipients of the **2010 Scholarship Awards**. These awards are dedicated to the memory of our many dearly departed brothers and sisters who lost their lives while trying to save others during the September 11th, 2001 tragedy.

The selection process is always difficult due to the significant number of truly deserving applicants. Each scholarship recipient receives one 64-hour USAR-compliant Operations-level Confined Space and Structural Rope Rescue course. These award winners (listed alphabetically) were chosen on the basis of their answers to the online questionnaire and their stated willingness to convey the rescue information they receive to others.
